## PROBE

Encloses About D. W. Dinsmore in Graft Cases

Arrested in Chicago and Will be Requisitioned by Gov. Harmon

## ECHO OF SLATER TRIAL

In Case of State Printer's Conviction Dinsmore May be Used to Testify.

Columbus, O., March 29.—As the state yesterday was closing its case against Mark Slater, one of the alleged grafters caught in the legislative probe committee drag net, word came that D. W. Dinsmore, whose name has often been heard in the state house graft cases, was under arrest in Chicago, and was being held for Franklin county authorities.

The news came in a telegram from S. B. Wood, chief of detectives of Chicago, to Sheriff A. E. Sartain, who last week asked the sheriff of Cook county, Ill., to find Dinsmore. Following a short talk with Prosecuting Attorney Webster, news of Dinsmore's arrest was made public.

Steps were at once taken for his return.

There are six joint indictments against Dinsmore and Slater. They are based on six bills rendered, the state for 29,195 pounds of merchandise, of which only \$250 were delivered. On these bills Slater and Dinsmore collected \$28,917.73 and the actual value of the goods was \$61,000.67, leaving an alleged excess \$22,727.06.

It is possible, in the event of Slater's conviction that he may be used in the trial of Dinsmore. The state might be able to make him testify by threatening continued prosecution if he failed to make a clean breast of his connections with Dinsmore. There are enough indictments against Slater to keep him in prison for many long years, if all are prosecuted successfully. Similarly, in the event Slater is not convicted in the present case, Dinsmore might be used as a witness by the state in a third trial. Should Dinsmore refuse to testify, he, if he is figured, would be of service as a witness, by merely declining to testify on the ground that it would incriminate himself.

The Dinsmore indictments were not made public until after Dinsmore had been placed under arrest.

Dinsmore is a traveling salesman. The amount of his alleged excess charges in bills were found by an examination of his bills rendered, the state and of the books of Shadie, Hipp & Malloy of Chicago, from whom Dinsmore made his purchases for delivery to the state. Although the indictments were returned against him over a month ago, it was not until last week that an order of arrest was issued. He was thought to have escaped to Canada when he was indicted.

Like the Brelsford indictments, each of those against Slater and Dinsmore contains three counts, charging the certifying as correct a false voucher, receiving payment thereon and obtaining money under false pretenses. There is only one bill which represents alleged total graft, whereas Brelsford rendered two such, according to his testimony.

Amounts of bills and of merchandise bill'd and delivered follow:

First bill, \$42,631.18; 6,476 pounds bill'd, none delivered.

Second bill, \$5,208.64; 5,201 pounds bill'd, 2,100 pounds delivered.

Third bill, \$2,850.90; 2,850 pounds bill'd, 59 pounds delivered.

Fourth bill, \$2,752.82; 2,752 pounds bill'd, 1,700 pounds delivered.

Fifth bill, \$8,196.03; 7,885 pounds bill'd, 2,010 pounds delivered.

Sixth bill, \$5,963.65; 181 pounds bill'd, 1,400 pounds delivered.

Dinsmore is known in Chicago as a manufacturer's agent and real estate dealer. He lives at 756 West Eighty-seventh street and has offices at 107 Dearborn street. Dinsmore was taken to the Harrison street police station. He gave bond, his wife scheduling their home in Surgis street as security.

He declared his arrest was a mystery to him.

"I have been living here for 25 years," he said. "I own my home and have made no efforts to hide. I can offer no explanation for I don't know what it's all about."

Columbus, O., March 29.—The Beaty brothers announced today that no immunity will be granted D. W. Dinsmore on indictments charging him with conspiring with Mark Slater to defraud the state through padded bills. They believe they can convict Slater without Dinsmore's testimony.

## ROOSEVELT

Makes a Clever Political Stroke in Convicting the Nationalists' Party in Egypt.

(By Staff Cor. U. P.) Cairo, Egypt, March 29.—Contrary to expectation, the Nationalist party makes no bitter attack upon Col. Roosevelt for the denunciation he heaped upon their political policy in yesterday's address at the University of Egypt.

Thus Roosevelt is credited with another clever political stroke. Not only did he come to Cairo and tell the Nationalists what no other man had ever dared to tell them, but he got away with it in a manner that has proved the biggest surprise of the day here. It is plainly evident that the Nationalists keenly resent his speech, but they will make no noise.

The party spent the day visiting bazaars, where many souvenirs were purchased, and in a visit to the mosques.

## England Will Breathe Easier When Roosevelt Leaves Egypt for Home

London, March 29.—England will breathe easier when Col. Roosevelt has left Egypt. While there is only praise for his fearlessness in preaching tolerance to English rule to the nationalists there is also fear that he may go too far and either disturb the ever delicate political balance in Egypt, or invite upon himself an attack by some fanatic nationalist. The foreign office is which is responsible for the control in Egypt though the colonial office conducts the actual administration, has wired Sir E. G. Corst, the British agent in Egypt, to try to avoid a repetition of such a situation as arose in the colonel's address before the university audience.

## BLACK BILL

Amended by Senate Judiciary Committee, Curtailing Power of Common Pleas Judges.

Columbus, O., March 29.—The Senate judiciary committee this afternoon reported to the senate a redraft of the Black bill which provided for the removal of mayors by the governor or common pleas judges. In the redraft the clause regarding common pleas judges is omitted.

The two daughters of the aged jurist, Mrs. James F. Kirrib and Mrs. H. J. Jettmore, were summoned at once, but reached the residence too late.

Justice Brewer came to the supreme court of the United States from the federal court of Kansas. He was second oldest member of the court. Justice Harlan only being his senior. He was regarded as the most democratic of all the members of the court, most affable, approachable and accommodating. He was the one man on the bench who had proof copies of his opinions prepared for the newspapers, and this he did consistently.

Another characteristic of the jurist was that he never took any of the time of the court or the public in announcing his opinions. He reached the conclusion probably many years

ago that the audience in the courtroom was so extremely limited that it was a pure waste of time to read opinions there. He would give only in a few words his conclusions and then hand over the proof sheets of his opinion, always completely arranged.

Justice Brewer essentially was a Western man and his sympathies were always with the West. He dealt largely with railroad corporations generally, and he will be missed immensely in the opinions of the court on the momentous questions concerning the Standard Oil and Tobacco cases now under consideration.

In his earliest days, Judge Brewer camped regularly in the Rocky Mountains and was fond of outdoor life. He was a member of the old Field family being a nephew of the late Associate Justice Stephen J. Field and Cyrus W. Field.

## GREAT JURIST DIES SUDDENLY; BREWER BROUGHT DIGNITY TO SUPREME BENCH OF THE NATION

DAVID JOSIAH BREWER.

Washington, March 29.—David Josiah Brewer, associate justice of the supreme court of the United States, died at 10:10 last night, as the result of a stroke of apoplexy. His death followed within a minute or two after the stroke and before he could be carried to his bed. Mrs. Brewer was with him when the end came. Justice Brewer was 73 years old.

The jurist's end came altogether unexpectedly. Although he had not been feeling well for the last few days. Justice Brewer was up and out yesterday and apparently in the best of health and spirits. He was in equally good spirits at dinner and spent the evening in reading.

Shortly after 10 o'clock he retired to his room and within a few moments Mrs. Brewer heard a heavy fall and went to investigate the cause. She found her husband prone on the floor of the bathroom. He did not regain consciousness and died before a physician, hastily summoned, could reach the house.

## SCHEME

To Defeat Woods Utilities Bill by Republicans

Is Discovered and Being Made Public—Rage in Follows

NO DICTATES HERE AFTER

Will be Followed by the "Well-Behaved" Republicans Who Will Follow Their Own Noses.

Columbus, O., March 29.—What is regarded as a shrewd device to defeat the Woods public utilities bill was sprung Monday. In the Columbus Citizen the pictures and biographies of Speaker Mooney and 13 other progressive Republicans were printed, with the announcement that they were responsible for all the advanced legislation of the session.

The result was a roar of rage from the other good and well-behaved Republicans, who believed that the 13 members had conspired to gather glory for themselves.

In a fit of jealousy many of them declared that they would hereafter follow their own noses.

A secondary result is that the Speaker and the immortal dozen have also taken the warpath for the scalp of the man who turned the clever trick.

The Citizen prints the names of the following Republican legislators:

1. Harry W. Crist, Delaware county.

2. Carl L. Braun, Franklin county.

3. Frank W. Woods, Medina county.

4. R. Phillips, Geauga county.

5. R. Frether, Vinton county.

6. Granville W. Mooney, L. L. K. T. Warren county.

7. R. S. Thorne, Carroll county.

8. Earl N. Gibbs, Lorain county.

9. D. S. Shankland, Lake county.

10. John W. Riddle, Logan county.

11. John F. Gileard, Jefferson county.

12. Myer Geleerd, Lucas county.

13. Myer Geleerd, Lucas county.

One of the most encouraging things to contemplate about the Ohio legislature this session is the gallant stand made by a little band of progressive Republicans, to check bad legislation and to keep the general assembly as representative of the people as possible.

The progressive movement is strongest in the house where Speaker Mooney himself inspires it and lends to it the influence of his position.

With Mooney are allied some fighting Republicans who are inclined to take legislation into their own hands without reference to the voice of the state achine or the lobbyists. Among them are Woods, Langdon, Frether, Crist, Geleerd, Gibbs, Braun, Braun, Phillips, Riddle, Shankland and Tidrick.

These men were more or less rebellious in previous sessions, when the state machine ordered investigations of alleged corruption choked off, or some progressive machine killed.

"This session they have their first real chance. The Republican state machine has troubles of its own. In the meanwhile the progressives are forgetting all about party lines and are trying to give the people of Ohio real representative government."

## COLUMBUS CAR MEN ORGANIZE UNION DEMAND INCREASE

Columbus, March 29.—Five hundred of the 500 motormen and conductors of the Columbus Street Railway company formed a union last night and demanded a raise in wages of from 1 to 25 cents an hour, and the reinstatement of more than twenty men who have been discharged by the company for promoting the union. Another meeting will be held tonight when an ultimatum will be issued to the company. When the men submitted to a petition for more wages to the company recently they were told to economize by eating beans and rice and they would not need more money. It is believed the company will hold this view and a strike within a few days is almost certain.

## In Woman's Realm

The Knights of Columbus gave their closing dance of the season on Monday evening in Assembly hall and a large and merry crowd was present to enjoy the festivities. Marsh's orchestra furnished the music for the dancing which continued until twelve o'clock and at ten-thirty o'clock an appetizing luncheon was served in the balcony under the supervision of Joseph Kuster.

Among the guests were Messrs. and Mrs. A. H. Gorrell. An orchestra disengaged sweet music while refreshments were being served.

Times Recorder.

Among the Newark ladies present were Messrs. Henry Ebs., D. H. Miller, G. U. Besanceney, John Miller, George Stevens, M. J. Jones, Walter Coffman, William Hepp, E. McElroy, Misses Marie Hepple and Lillian Miller.

On Wednesday evening in the Trust building auditorium V. R. Lansing, general manager of the Holophane company, will give an illustrated talk to the members of the force following which they will entertain with dance to which only the members are invited.

What Sort of  
A Dream Would  
You Inspire?

Pimples and Blackheads or Fresh  
Sweet Beauty—Which Impression  
Do Your Friends Get?

This FREE Treatment Cures Skin  
Blemishes.

It is to tell every woman in this city, and the men, too, for that matter, how any one who is afflicted with pimples, blackheads, blotches, freckles, sallowness, wrinkles, or any other skin blemish can quickly and easily and painlessly gain relief and a complexion that is simply perfection, that this article is published.

The first thing to do is to throw out all the creams, skin foods, massage preparations, lotions, bleaches, etc., you have tried and get down to the use of simple home treatment called Viola Cream. Other preparations just cover up the blemish. Viola Cream removes it.

Viola Cream cannot fail to give you a perfect complexion because it does not cover up blemishes but by gentle, harmless, medication actually replaces, gently and naturally, the old sallow, plump, blotchy skin with a new skin and a pink, blooming complexion. By the same gentle process, it keeps a good complexion good always and won't grow old.

We want you to prove this without your risking one penny. The best way to prove it is to go to the nearest drug store and purchase \$50 jar under our absolute guarantee of satisfaction, but if you do not wish to do this just send your name and address and that of your druggist to the G. C. Bittner Co., Dept. 600, Toledo, Ohio, at once, and a liberal trial treatment will be sent you free by mail. You cannot afford to wait a day without this treatment, which is the only perfect and unfailing skin and complexion beautifier.

## RECIPES FOR MARCH 30, 1916.

Eggs à la Béchasse—Boil half a dozen eggs for 5 or 6 minutes, chill in cold water, then shell them and cut into quarters lengthwise. In a saucier put one tablespoonful of butter, one of flour and 1/2 cup melted but not colored. Add gradually one cupful of veal or chicken stock and stir until thick and smooth. Add salt and pepper to taste, one tablespoonful of vinegar, two of capers and one of chopped parsley. Put in the eggs and simmer gently for five minutes. Serve on a hot platter garnished toast points and a few cubes of parsley.

Apple Custard Pie—Peel four apples and stew until soft. Rub through a colander and allow one and a half cupful to each pie. To this quantity add one-third of a cupful of butter, three well-beaten eggs and sugar to sweeten. Flavor with nutmeg or cinnamon, use an undercrust only and bake in a moderate oven.

## What's the Use of a Cough.

Here is a home-made remedy that overcomes an obstinate cough quicker than any costly medicine you could buy. Any woman can easily make it in five minutes.

Granulated Sugar Syrup 13 1/2 oz.

Pineix ..... 2 1/2 oz.

Put the Pineix in a clean pint bottle and fill up with the syrup, made as follows: Take a pint of

Granulated Sugar, add 1/2 pint of warm water and stir for about 2 minutes. Take a teaspoonful every one, two or three hours. It tastes pleasant—children like it.

This simple medicine is also splendid for colds, whooping cough, bronchitis, incipient consumption, chest pains, &c.

Pineix, as you probably know, is the most potent form of Norway Pine Compound. It is rich in all the well-known pine elements. None of the weaker pine preparations compare with the real Pineix itself. Your druggist has it, or will gladly get it for you.

The full pint of this effective cough syrup can be made for 54 cents. It keeps perfectly, and lasts a whole family a long time.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

RIGHT WAY TO INSURGE

Congressman Gardner of Massachusetts received 32 votes, the highest number cast for any "insurgent" in the Republican caucus to select majority members of the new rules committee of the house. Not one "insurgent" was put on the committee. The Cannon slate fixed up by Cannon's man Tawney with Cannon's other man Delzell purposely selected that he might by reason of seniority be chairman of the committee, went through without a break.

This motion was taken deliberately next day after the Old Colony district of Massachusetts reversed a Republican majority of 14,000 and elected a Democrat to congress by 6,000 majority.

All of which goes to show that the "insurgents" in congress don't know how to insurge and that the voters do.

If the Republican voters of Ohio will follow the example of Republican voters in the Old Colony district of Massachusetts this year Ohio will elect 21 Democrats to congress to insurge against Cannon and do it right.

KNEW WHERE HE  
WAS NEEDED

There is nothing like a graft probe committee to get information for the people.

During the two years Hy Davis was state fire marshal he spent 177 days in Columbus, where the office of fire marshal is located, 172 days in Cleveland where Hy's home is located, and 230 days in the rest of the state.

Explaining these figures Hy said to the probe committee: "When I was fire marshal I went where the business was. There are annually 1,000 fires in the Cleveland district and but 500 in the Columbus district. I was the judge as to whether I was needed there."

To be sure Hy was the judge as to where he was needed most. Of course his deputy fire marshals helped some to look after those 1,000 fires in the Cleveland district and the 500 fires in the Columbus district and whatever fires occurred in the other parts of the state.

Then again here was Tom Johnson keeping politics at fever heat and burning up "good Republicans" in Cleveland until they succeeded in retiring him from the office of mayor last fall.

Who out Hy should be the judge of where he was needed most?

As Europe Now Looks.

THE ONE LAXATIVE BETTER  
THAN CALOMEL.

Calomel is a valuable drug when it acts well. It certainly does stir up the liver and clean out the bowels—but when it doesn't act well, it is a poison. Calomel is mercury, and mercury settles in the bones, causing many, many ailments. Some you know about, others are known only by the doctors who prescribe it. Why run this risk when you can take a harmless substitute? Dr. Edwards' Olive Tablets do not contain calomel or any form of mercury, yet they do calomel's work, without bad after effects. They do not weaken, sicken or gripe. You need to take but one or two at bedtime. Note how gently and perfectly they act. You should keep them in the house or in your pocket. Remember Dr. Edwards' Olive Tablets, the only successful substitute for calomel. At all druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

My face was very sore and I lost one eyebrow. Hood's Sarsaparilla was recommended to me and I took a few bottles. The humor entirely disappeared, and I have had no more trouble since. I have heard very many friends and neighbors speak of the excellence of Hood's Sarsaparilla and cordially recommend it. Mrs. Bertram Gray, 248 Arnold street, New Bedford, Mass.

Hood's Sarsaparilla expels from the blood all humors and all impurities that cause and promote disease, removes weak, tired feelings, creates an appetite, gives health and vigor. It has probably effected more cures than any other medicine. Thousands of grateful people testify to its beneficial work—over forty thousand in two years.

There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

SECURES PENSION.

That Senator Ashbrook is still looking out for the interests of the old soldier is very forcibly demonstrated every few days. Not only has he been the means of securing hundreds of pensions for old soldiers and their widows, but he has been the means of securing favorable action on many special bills for the relief of old soldiers. A telegram, received by the Advocate on Tuesday is to the effect that he has just succeeded in securing the passage of a special bill for the relief of Rufus Putnam of this city, who served with honor and distinction through the Civil War of \$24 per month. This is a most deserving case, and the hundreds of soldier friends of Mr. Putnam throughout Licking and adjoining counties extend their congratulations to him as well as to Mr. Ashbrook, who has proven himself to be the hardest working congressman in their home district the district has ever had.

INVENTS AUTOMATIC  
STREET CAR SWITCH.

H. C. Barnes of Dayton and G. W. Barnes of South Fourth street, this city, are the inventors of an automatic switch calculated to be a great boon to street car companies. Present motormen are forced to open their windows and throw the switches with a rod. Then there is another automatic switch that is controlled by the trolley and operated by an electric current. With this invention, never, no current is needed, a foot takes a trip that is concealed between rail and a guard that is constructed especially for that purpose, thus by the motion of the car a shaft connected with the point of the switch is automatically moved and the switch is thrown.

Thus there is an economy in time, as the car need not stop, and an economy in power, the action of the car in passing over the switch is almost as great as in starting the motor power. It is a simple device according to the inventors, and its installation does not entail a great expense. There are two levers operated by the device, one on the right and one on the left side of the car. When one lever is pushed down it actuates a switch which is hardly discernible, lying between the rail and a specially constructed guard so that nothing that passes over can interfere with it. Then once thrown the switch is automatically locked so that no car will operate the points. The inventors are confident that their invention upon which they just secured a patent, will prove a success, and it will be pushed actively.

TAFT'S TRIBUTE  
TO D. J. BREWER

Washington, March 29.—"He was an able judge."

This expression by President Taft when he learned of the sudden death of Associate Justice David J. Brewer is echoed today by all who knew the distinguished jurist.

The entire capital was shocked over the news that Justice Brewer had succumbed last night to a stroke of apoplexy. He had been slightly ill for a week, but had not taken to his bed. He was stricken while in the bathroom of his home and died ten minutes later in the arms of Mrs. Brewer, who had heard him fall to the floor. Coroner Nevitt issued a certificate of death due to cerebral hemorrhage this morning. Justice Brewer's death leaves only seven active members of the supreme court. U. S. Associate Justice Moody having been unable to serve since the beginning of the present term because of ill health. The vacancy will be the second to be filled by President Taft, who on Dec. 20 last appointed Justice Lurton to succeed Justice Peckham, also removed by death.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drugs in it. The soothing spray is a remedy that relieves at once. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

EGGS EATEN

In the Past Two Weeks from Tables  
That No Known Them  
Months.

The cheapness of eggs, compared with what they were being sold for during the past winter, and the fact that cold storage eggs are said to be a thing of the past for this spring, has placed many an egg on tables during the past two weeks that had not known the winter. The number of eggs sold in Newark during the last two weeks is almost double the number sold in the same length of time previously. This winter, it is said, by those who are in a position to know.

CURE INDIGESTION

And you remove the cause of most disease.

Do you get up in the morning with a nasty taste in the mouth or a bad breath?

Do you have heartburn, sour stomach, gas on stomach, bloating, shortness of breath, palpitation of the heart, or distress after meals? These are the first symptoms of indigestion and are stopped with the first dose of Dr. Jackson's Digestive and Liver Powders.

The above symptoms are also the fore-runners of some disease and it may come as rheumatism, catarrh, dropsy, eczema, kidney or liver trouble or any blood disease.

AN OLD SOLDIER CURED.

John D. Samson, 126 1/2 S. Fourth St., Columbus, O., says: "I suffered for 15 years from stomach trouble. Bloated after eating, heart palpitation, was short of breath, kidneys bothered me, had pain in back and the pains in my stomach became so bad that I thought I would die. System was weak and run down and health was very poor. Doctored for years but I got no better until I began to take Dr. Jackson's Digestive and Liver Powders. They relieved me at once and in a short time I began to improve and gain in strength until now I am cured and have good health."</p

### BIBLE SCHOLAR

Who Was Graduated at Denison Ac-  
cepted Call to Larger Field of  
Usefulness.

The career of the Rev. M. W. Evans, who has just resigned a three years' pastorate at the Licking Baptist church near Hebron, to accept a pastorate at Gloucester, will be noted with interest by Newark folk. This brilliant young Bible expositor was born just east of Zanesville. Young Mr. Evans was converted in 1898, after which he took a course at Denison university, going from Granville to Columbus, where he engaged in business and at the same time actively identified himself with the city mission, where for several years he labored in "slum" work. During his apprenticeship in mission work, young Mr. Evans advanced by leaps and bounds in his knowledge of the scripture, in power, and in ability to preach the gospel. While engaged in this work, he was called many times to pastorates of good churches, which he declined; however he often preached in many of the prominent churches of the capital city.

About three years ago he accepted the pastorate of the Licking Baptist church of Hebron, one of the best appointments of the kind in Ohio, and his ministry at that charge was marked by special evangelistic and pastoral work. The Gloucester charge offers a wider field of usefulness and this is why the Rev. Mr. Evans accepted the call.

His knowledge of the Bible is deep and profound, and his method is so different from the ordinary method, that many who were Bible students for years, testify that under his instruction the Bible has become a new book to them.

Mr. Evans' parents now reside in Newark, happy in the consciousness of having given the world a rich legacy in their son who serves.

### MUSTARD PLASTERS ARE ANCIENT HISTORY

T. J. Evans Has Been Fortunate to  
Secure the Agency for Begy's  
Mustardine.

People who know the value of the good old mustard plaster for pains in any part of the body, will be glad to know of the new discovery called Mustardine.

Begy's Mustardine will relieve any ache or pain in shorter time than any mustard plaster ever did.

Just rub it on, that's all, you don't need to make a plaster; it's all so simple and so easy, that no one will again be bothered with the old disagreeable mustard plasters.

If you catch cold, have pains in the chest or back, just rub on Begy's Mustardine and the pain will vanish without abnormal heat and without blistering.

Banishes headache, toothache, ear-ache in a few minutes, chases away the pains of bronchitis. Incipient pneumonia and deep-seated coughs.

It's very clean and nice to use, and is always ready. Try a 25 cent box, and if you aren't satisfied T. J. Evans will return your money. Mail orders filled by J. A. Begy Co., Rochester, N. Y.

### COURT NEWS

#### CIRCUIT COURT.

In the circuit court the case of George P. Webb, as receiver of the Homestead Building and Savings Co., vs. A. A. Stasel, receiver of the Newark Savings Bank Co., was tried to the court and submitted. The suit was brought to recover the amount which was on deposit with the bank, in favor of the Building Association, at the time of the bank's failure.

The suits brought to restrain the collection of the Dow liquor tax were submitted to the court on demurrers to the petitions, and upon answers filed in several cases, the auditor of Licking county, against whom an injunction is asked, claiming that the petitions do not state grounds for injunctions. It was agreed that a judgment may be entered in favor of the parties in whose favor the court decides the demurser. The court will probably decide the cases the latter part of this week.

#### DEMURSER FILED.

In the case of Orrin B. Thompson vs. Mary E. Munselle and Rufus B. Munselle, the defendants, by their attorneys, Sheets and West, demur to the petition for the reason that the same does not state facts sufficient to constitute a cause of action against them or either of them.

#### DIVORCE CASE SETTLED.

The case of Emma Rosenberry against Curtis Rosenberry, suit for divorce, came on for hearing in the probate court Monday afternoon. During the trial it developed that the plaintiff was married to Curtis Rosenberry in Tuscarawas county in 1902. At the trial the plaintiff was represented by Smythe & Smythe, while the defendant made no appearance. It developed that the parties had had a separation about two years ago, since which time

For the Woman Who  
Has Beautiful Hair

(New York Theatrical News.)

The beauties in the Anna Held chorus are famous for their pitch-perfection. Their coiffures add a great deal to their charms. How they can "manage" such abundance of beautiful tresses day in and day out, keeping always the same well-groomed appearance, is beyond the ken of the average woman. But, listen while I whisper, these young girls depend altogether upon dry shampooing to keep their hair fine and glossy.

They mix 4 ounces of powdered Orris root with 4 ounces of therox, and they are prepared for a season's shampooing. Once or twice a week they sprinkle a tablespoonful of this mixture on the head, and then brush the powder well through the hair.

That is all there is to it, and they have escaped the bother and discomfort that accompany washing, rinsing and drying the hair, together with the dangers of catching cold.

The wonderful results they achieve with therox convince me that it is the only thing that can grow hair, for their hair is long and abundant in addition to being lustrous.

The husband had contributed but \$8 to the support of the wife and child. The wife was given a decree of divorce and the custody and control of the child and \$500 alimony.

Application has been made to probate the last will and testament of Finton McMullen, deceased, of Eden township. The hearing has been set for Monday, April 4, at 11 o'clock.

**SUIT FOR DAMAGES.**  
Garrie Swingley of Utica, Licking county, began suit in the United States court, Monday morning, at Columbus, in which he asked for \$5,000 damages against the Utica Glass Co. Swingley, who was formerly an employee of the company, asks this amount for the loss of the third finger of his left hand. The finger was cut off by a saw while Swingley was working in the box department of the plant.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Texas, than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed into a cough, which stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, La Grippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and Lung trouble, it's supreme. 50c., \$1.00. Trial bottle free. Guaranteed by F. D. Hall.

Gentlemen:

Your favor of the 20th inst. at hand and in reply we beg to state that, as you say, we are using electricity exclusively for illuminating our store. In regard to the fact that you have no record of ever renewing any lamps for us, we take great pleasure in stating that we have as yet not needed any. You ask us to express ourselves in regard to our electric service, to which we most gladly say that upon March 23rd, 1909, one year ago yesterday, we installed our electric lighting system, consisting of nine 100 Watt Banner Tungsten lamps, with Holophane reflectors, and up to the present time we have never had a lamp burn out or break, but are still using the same installation. We wish also to state that we are at present and always have been entirely satisfied with our service in every respect. Trusting this will convey the information you desire, we beg to remain.

Very truly yours,

## 'Time's Flight Turned Backward' SAGE AND SULPHUR Made Her Look Twenty Years Younger

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK, ss  
COUNTY OF MONROE, ss  
ROCHESTER, N. Y.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

## Daddy's Bedtime Story—How Lizard Made Mr. Thomas Cat Tired

Mr. Thomas Cat Ran After Her

ACK, you told me you saw a lizard running along the rail fence when you were out on the farm visiting Uncle Billy last summer. Well, now I'm going to tell you how cute a lizard is. Once there was a nice bright little lizard named Lizzie Lizard, after her mamma, whose name was Elizabeth Lizard. This little lizard liked to run along the rails of Uncle Billy's pasture fence.

"It was a very big pasture, you know, and the fence was four miles long that ran around it. Lizzie Lizard didn't mind that, though, for she was a fast runner and never got tired.

"Old Mr. Thomas Cat was a very dignified cat that lived in Uncle Billy's barn. He sometimes ate teeny weeny chickens when he could catch them, but he was just as fond of eating small lizards. But it is not so easy to catch a lizard as a chick, for lizards run faster.

"One day Mr. Thomas Cat climbed up on the pasture fence where it ran along by the barn. It was a beautiful sunshiny day, but rather hot in the sun. Mr. Thomas Cat was out looking for lizards, as he was getting hungry. He squinted down on a rail beneath him and saw Lizzie Lizard sleeping there. Mr. Thomas Cat made a spring for her, but that woke her up, and she started to run along the top rail of the fence. Mr. Thomas Cat ran after her and almost caught up several times, but when he did that Lizzie Lizard made a sudden dart on the underneath side of a rail and got away.

"In fact, Lizzie Lizard was a great deal quicker on her feet than Mr. Thomas Cat was. She could run clear around in less than her own length and start going in the other direction long before Mr. Thomas Cat could stop himself. This made Mr. Cat mighty weary.

"Mr. Thomas Cat chased Lizzie Lizard around that four mile fence three times before night, but just couldn't catch her.

"When he got back to the barnyard the third time he was ever so tired and a heap hungrier than when he started. Lizzie Lizard was panting a little, but she darted off the fence and ran under a pile of hay.

"Mr. Thomas Cat lay down on the hay to rest, and Uncle Billy was so sorry for him that when he came to milk the cow he gave him a cup of nice warm milk for supper. Under the hay Lizzie Lizard snickered when she heard him lapping up the milk. 'If you'd stay home,' said Lizzie, 'you'd get your supper without working so hard for it.'

A LINIMENT FOR EXTERNAL USE.

Cheerfulness and a bright disposition during the months before baby comes, are among the greatest blessings a mother can bestow upon the little life about to begin. Her happiness and physical comfort will largely govern the proper development of the health and nature of the child. Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons of the body, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of nausea. The regular use of Mother's Friend greatly lessens the pain and danger when baby comes, and assures a quick and natural recovery for the mother. Mother's Friend is sold at drug stores. Write for our free book, containing valuable information for expectant Mothers.

### ARBOR DAY

Is Made a Special Subject for Manual  
to be Distributed Among the  
Licking County Teachers.

The Arbor Day Manual for 1910, issued by John W. Zeller, state-school commissioner of Ohio, copies of which were recently received by Auntie R. E. E. have been distributed among the school teachers of Licking county. The date of Arbor Day this year is April 8. The manual's gotten up and contains 176 pages, each page of which is of absorbing interest. This year has been made a special one by the commissioner, with the hope of interesting not only the school youth but those of more advanced years as well. It's not only an appeal for the preservation of trees, but for the preservation of youth in man and youth and for a love of nature. The manual contains a large number of excellent pictures, portraying the beauty of God's out of doors, along the gurgling streams, in the quiet shady woods and green meadows and how in the presence of a tall healthy tree enhances the beauty of the landscape. There are quite a number of excellent views of Licking county sites.
